EDUCATION

BTech in Electrical Engineering, National Institute of Hamirpur

June 2020

CGPA: 9.13

SKILLS

Problem solving	Data Structures and Algorithms, Object Oriented Programming
Languages	C++, Javascript, Solidity, Python, C
Frameworks	React, Node.js, Express, Next.js, Tailwind-css, Material UI, Web3
Tools	Git, Github, VS Code, Metamask, Hardhat
Softwares	Figma, Adobe Photoshop

PROJECTS

Website for Team OJAS React, Tailwind css

[GitHub](#)

- Created a website for technical team of Electrical Engineering OJAS
- It is a fully responsive multipage website
- Hosted using firebase at [ojas-website](#)

Google Clone React, Tailwind css, Rapid API

[GitHub](#)

- Completely responsive google clone using Rapid API
- theme switching functionality is present

Full-stack Ethereum application Next.js, Tailwind css, Solidity, Hardhat

[GitHub](#)

- Allows users to create custom mechanical keyboards
- Rinkeby testnetwork is used
- payable functions are used for giving tip

NFT quiz app Next.js, Tailwind css, Metamask, Thirdweb

[GitHub](#)

- A cool full-stack quiz app that rewards correct answers with lootboxes
- lootboxes that can be opened to reveal fancy NFTs!

ACTIVITIES AND PARTICIPATION

ISTE Convention 2022 virtual poster presentation

- 3rd position
- Created virtual poster presentation on Health Literacy in India

EXTRA-CURRICULAR ACTIVITIES

Society of Electrical Engineering(ELSOC)

Aug 2021 - Present

- Conducted workshop on Blockchain Technology.
- Made posters for promotional events.

TEAM OJAS, Technical team of annual techfest NIMBUS

Feb 2021 - Present

- Contributed in Website of OJAS.
- Part of a team organized Electro Hunt.
